3. Any violation of the prohibitions in this Order is punishable as a Class B misdemeanor by a fine of not more than \$5000 for an individual or \$10,000 for an organization, or by imprisonment for not more than six (6) months, or both (see 16 U.S.C. § 551, 18 U.S.C. § 3571(b)(6), 18 U.S.C. § 3581(b)(7)).
4. Further information regarding this Order may be obtained at the Gila National Forest Supervisor's Office in Silver City, NM, telephone number 575-388-8201.
5. This Order supersedes any previous Orders prohibiting the same acts covered by this Order.

Done at Silver City, New Mexico this 23rd day of May 2022.

Michael Martinez, Acting Forest Supervisor, Gila National Forest

Assessment of Need (Justification), CRIS and Enforcement Plan

1. Background: Due to an abnormally dry and warm winter and spring, the Gila National Forest, hereafter referred to as "the Forest", has been experiencing high to extreme fire danger. These conditions are not expected to change until monsoon moisture arrives in the summer. The purpose of this order is to reduce fire risk, prevent human-caused wildfires, protect property, and to protect public health and safety during periods of high or extreme fire danger. The restricted area is shown on the attached map, hereby incorporated into this Order as Exhibit A. An Order is needed to be able to cite persons unwilling to comply with this special order.
2. Intent of Subpart B order: The purpose of this Order is to reduce fire risk, prevent human-caused wildfires, protect property, and to protect public health and safety during periods of high or extreme fire danger.
3. NEPA Compliance: This Order falls under FSH 1909.15, 31.12, (1): "Orders issued pursuant to 36 CFR Part 261 - Prohibitions to provide short-term resource protection or to protect public health and safety". This Order will not individually or cumulatively have a significant effect on the quality of the human environment and, therefore, is categorically excluded from documentation in an EIS or an EA. The only physical changes to the environment associated with this Order will be signs posted temporarily for the duration of the closure and installation of a closure gate. No effects to extraordinary circumstances are anticipated.
4. Civil Rights Impact Statement: This Order does not constitute a "major action" as defined in FSH 1709.11, 31.1. It merely minimizes the dangers to human health and safety; as such, no one group is expected to be displaced or experience a disproportionate burden as a result of this Order.
5. Enforcement Plan: The following activities will occur in order to implement this special order in a manner that results in public acceptance and safety: Forest Service Law Enforcement Officers, Forest Protection Officers, Sheriff Deputies, Fire Wardens, Fire Prevention Technicians, firefighting crews, and New Mexico Department of Game and Fish Officers will patrol the affected area to enforce as well as educate the public on the proposed fire restrictions order

Potentially affected individuals and other Forest users will be notified of this Order with the issuance of a press release, which will be routed through appropriate media outlets. Furthermore, the Order will be posted on the Forest website, at the Forest Supervisor's Office, and at all ranger district offices on the Forest. When implemented, the prohibitions listed in the Order will be posted in reasonable locations including, but not limited to: fire danger signs, electronic reader boards, day use areas, developed campgrounds, visitor centers, and some dispersed camping areas.
