

SMOKE OUTLOOK

Northern New Mexico – Frijoles Fire

8/28 - 8/29

ARA: Rob Fisher, RobertF64@vt.edu

Issued: 06:10 MDT 8/28/26

Interagency Wildland Fire Air Quality Response Program

FIRE

Fire activity for the **Frijoles** fire is expected to decrease.

SMOKE

Most areas should have GOOD air quality today and tomorrow, although Taos, Santa Fe, and Valley Vista may have hazy skies. Española and Nambe may have light morning smoke that clears later in the day.

Tonight, smoke may settle into the Nambe and Mora valleys. Mora could reach UNHEALTHY FOR SENSITIVE GROUPS, but conditions should improve by late tomorrow morning.

UNHEALTHY FOR SENSITIVE GROUPS Air Quality affects children, older adults, pregnant people, and those with heart or lung conditions. To reduce smoke indoors, consider closing windows and using an indoor air purifier or a homemade **filter fan** to help clean the air in one room.

Taos Skies may be hazy today, with more haze near sunset from the Mogote Ridge Fire. Similar conditions are expected tomorrow

Española Light smoke is likely early this morning. Air quality should be GOOD for the rest of today and tomorrow.

Nambe Some morning smoke is possible, but skies should clear for the rest of the day.

Santa Fe Less smoke is expected today and tomorrow, although skies may remain hazy.

Valle Vista Skies may remain hazy today and tomorrow, but air quality should stay GOOD.

Mora Air quality should be GOOD today until sunset, when smoke from the Frijoles Fire may settle into the valley.

AIR QUALITY INDEX (AQI)

Hazardous (H)
Very Unhealthy (VU)
Unhealthy (U)
Unhealthy for Sensitive Groups (USG)
Moderate (M)
Good (G)
